LOCAL ELKIN PHOTOGRAPHER ATTENDS EXCLUSIVE EDUCATIONAL INSTITUTE

RALEIGH, North Carolina - Jennifer Kleinheksel of Jennifer K Photography in State Road has completed course work at the East Coast School Photographic Workshops, an affiliate school of the Professional Photographers of America.

Kleinheksel participated in a week of study with Bob Boyd, Fort Mill, SC, studying the craft of photography along with approximately 125 other photographic students from the Mid-Atlantic and Southeastern states. Classes were held July 18-22, 2010.

Six Classes were offered at the Sheraton Raleigh Hotel and Conference Center, including portrait, digital workflow, wedding photography, marketing, and photographic artisan instruction. The instructors were some of the nation's top photographers. The school is also affiliated with the Professional Photographers of North Carolina, Inc.

Regarding her photography, Jennifer states, "My passion is capturing the true essence of a family and the natural way in which they interact with one another. There is so much satisfaction in being able to turn these times into lasting memories and pieces of art that can decorate a client's home for years to come. Photographs have a way of reminding us of a special place or time that otherwise could be easily forgotten."

Jennifer Kleinheksel specializes in on-location, natural light photography. Jennifer prides herself on delivering top quality images for her clients. She handles all color correction and retouching herself.

For more information on Jennifer K Photography, contact Jennifer Kleinheksel at 336-244-2553 or visit her website at www.photographybyjenniferk.com.
